

Pembina Pipeline Corporation, represented by Manoj Luthra Operations Engineering Manager, donated funds to the local Citizens on Patrol, represented by President David McRae, to assist with their volunteer patrols. The funds will be used by the organization to pay for fuel and vehicle costs during the next calendar year and help the organization support local law enforcement and citizens. The funds donated should help the group travel close to 3,000 kms during their patrols of Town streets, alleys and businesses. Patrols may occur during all hours of the day or night and are conducted by the 15 volunteers who make up Redwater Citizens on Patrol. If you are interested in supporting the group or becoming a volunteer you are invited to contact them at 780 222 6608. Redwater Citizens on Patrol would like to thank Pembina Pipeline Corporation for their continued generous support.

Redwater's Rosaterra Development nearing completion

The Town of Redwater has partnered with a Developer to complete the Rosaterra Development and provide neighbouring amenities to the community.

This summer, Redwater Town Council has held two Special Meetings to conduct business regarding the completion of the Rosaterra Development. On July 26, 2022 Redwater Town Council gave CAO, Ken Van Buul approval to finalize negotiations of the Development Agreement and on August 23, 2022 they approved releasing \$544,085 from initial securities and reserves to complete the Town's portion of municipal improvements.

"Council and I are dedicated to developing Redwater in a meaningful way," explained Mayor McRae. "Residential development encourages business and industry to consider our community for their developmental projects. This project will see the municipality developing infrastructure, complementing the upgrades being initiated by the owner and promoting future development in the area. We look forward to future developments and partnerships."

Under the new Development Agreement, the new Developer is responsible for all onsite development and work is already underway to complete building safety code requirements for

occupancy, landscaping, fencing and parking lot development. The Town is responsible for off-site municipal improvements and intends to have our Operations and Engineering Division complete the improvements in-house.

As a result of this partnership the Town has acquired ownership of two of the adjacent lots. While the concept has not been finalized the intention will be to develop them as green-space to provide additional amenities to the community.

The Rosaterra Subdivision project was first started in June 2008 and initially contemplated as a condo. At this time the underground infrastructure was completed, and some roadwork was in progress under this initial development. For a myriad of reasons, the development remained unfinished. The project is now a

12-unit apartment building with an elevator, comprising of 2 bed/2 bath oversized units (1189 sq ft) with fireplaces. The units and adjacent developments will offer Redwater residents a broader range of housing options, additional amenities, and, once completed, provide additional tax revenue for the Town.

Administration is proud of fostering these relationships with our development

The first-ever street fair in Smoky Lake was a huge success!

It was a warm day but that did not keep people from attending the street fair.

By Irene van der Kloet

On August 24, the first-ever Smoky Lake street fair was held on Wheatland Avenue. This street fair invited local and out-of-town vendors to showcase their items and the response was overwhelming: from near and far vendors were setting up their booths well before 5:00 pm, the official starting time of the street fair. Likewise, potential customers were roaming the fair at that time to check out the items. The street fair is an initiative of the

Smoky Lake Chamber of Commerce. Over 30 vendors participated with various things such as bath soap, jewelry, food, clothing, etc. This street fair was also the kick-off for the Smoky Lake - Kosiv Ukraine silent auction. Smoky Lake is partnered with Kosiv in Ukraine and throughout the past six months, many initiatives were undertaken in Smoky Lake to support Ukraine in its fight for freedom. This silent auction is one initiative but will certainly not be the last one. Despite the warm

weather, the public came out in large numbers to check out the goods, try the food and visit with each other and the vendors. A group of musicians brought an extra pleasant note to the event with a blend of songs that were easy to sing along with. And though the projected end time was 7:00, it went beyond that. As this was the first street fair, only one block of Wheatland Avenue was reserved but hopefully, the event will fill up all of Wheatland Avenue with vendors.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Camp Connect in Redwater

By Myrina Carter

Throughout the summer of 2022, the Fort Saskatchewan Families First Society team hosted the Camp Connect summer program for ages zero to six. The entirely free camp took place in Redwater, where the group met every Tuesday morning from 9:30 am to 11:30 am at Pembina Place

near the Oil Derrick. The camp ran in Redwater and started July 12 and ended August 23, rain or shine. Even on those rainy days, the camp still moved forward indoors at the curling rink.

Teresa Stosky said, "Camp Connect brings outdoor play for the families to enjoy at the park. We also enjoyed nutritious picnic

lunches together. This gathering at the park is conducive for families to come together to meet new and old friends. Camp Connect is a wonderful opportunity for families to enjoy a morning outside and play together! It allows everyone to make connections with others in their communities!"

Families played fun games and enjoyed all

sorts of crafts together. Tuesday mornings brought many smiles to everyone's faces, children and parents. Along with many fresh snacks and meals in the fun morning, they had sandwiches, watermelon, oranges, cucumber, celery, and carrots. Throughout the summer, attendees did scavenger hunts, played parachute games, and

showed their creative sides with crafted bees, snails, and caterpillars. Guests also engaged in a science project where they experimented and created exploding volcanoes. Children loved the homemade sensory bottles that glimmered and shined right before their eyes. Families even made and decorated planters and partook in sunscreen painting. A summer filled with fun, creativity, and new family memories.

Jacqueline Dagneau said, "Families First is so grateful for the support of the Moffat Family Fund. Without their support, we would not have had the resources to provide Camp Connect. We are also grateful that the Moffat Family Fund strongly focuses on nutritious meals. We provided fresh produce with picnic lunches, which is an important part of connecting and nourishing our community."

Wages are up, but not really

By ATB Financial Team

Wages in Alberta continue to grow, but not nearly enough to match inflation.

Seasonally-adjusted average weekly earnings (including overtime) picked up in the province for the second consecutive month, going from \$1,253 in May to \$1,257 in June (+0.4%).

Average earnings in June were also up relative to the same month last year, rising by 2.2%

on an unadjusted basis. Already higher-paying goods sector earnings grew by 4.5% and were responsible for most of the aggregate increase while average wages across services industries were up by only 1.1%.

The picture changes when you factor in inflation.

Real wages (i.e. earnings adjusted for higher consumer prices) have been on a downward trend for several months, fell to their

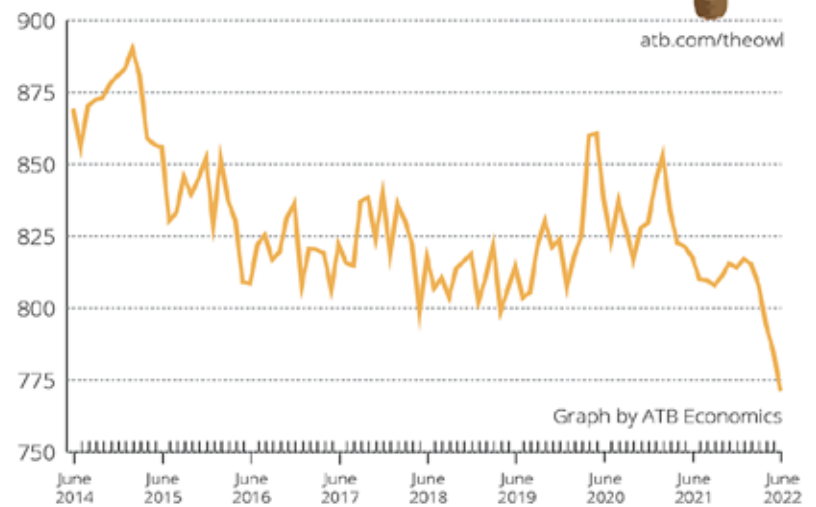

lowest level in nearly thirteen years in June, and were down by 4.0% over the first six months of 2022 compared to the same period in 2021.

It's a similar situation nationally, albeit slightly less dire. At their lowest point since September 2019, real wages in Canada were down by 3.4% on a year-to-date basis.

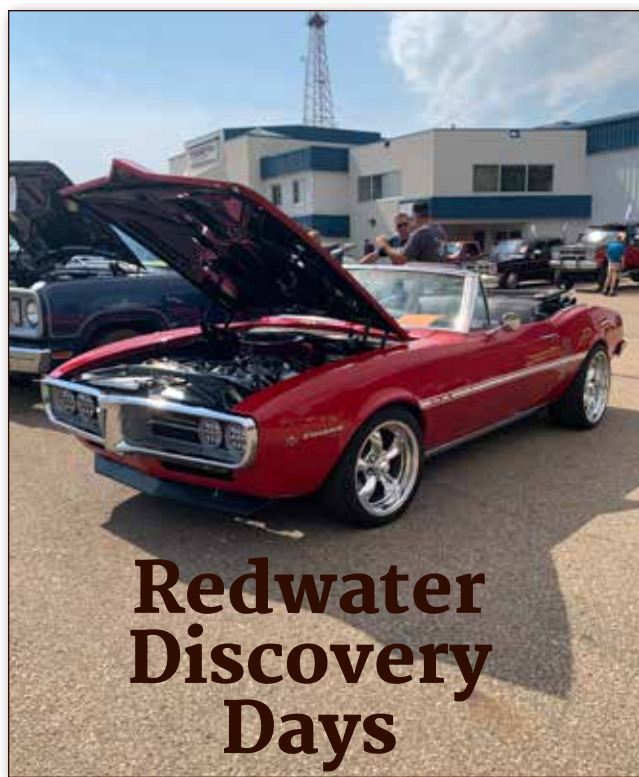

We expect the story to be largely unchanged when we get the numbers for July.

Lightning Bolt

Submitted by Lori Cramer

On August 21, I woke up to a very loud bang that shook our house on TWP 612 and RR204 in the County of Thorhild. There was no power and around 9:00 am, I heard a knock on the door from North Parkland Power. It was lightning that had shattered two power poles 1/2 mile down our road. North Parkland Power worked all day to replace the posts and restore our power. Finally, at 6:00 pm, we had the power again!

Thank you to North Parkland power for working all day to restore our power. We are very thankful that no one was hurt in this unbelievable blast!

It's getting to be that time of year again when the summer comes to an end, and the children make their way back to school. Children may feel nervous or scared on the first day of school because of all the new things like new teachers, new friends, and maybe even a new school. Mixed feelings may be felt through this time but remember teachers, parents, and family are there to support

and help. It is a good thing these feelings and "new" things only last so long. What to expect on the first day, most teachers kick the school year off with an introduction for themselves and often go over classroom rules; then, you know what is ok and what is not. Examples include raising your hand and asking to go to the washroom. On the first day, kids may know many children from previous years, but it is always nice to make new friends.

Remind your children it is ok to make the first move and be a bit more out there; they will be glad they did. Children moving to new schools in the fall and starting from scratch will investigate new lockers or now experience having a homeroom classroom, where they will meet every morning at the start of school. Remember, teachers are there to help children adjust; it is a significant change for everyone. Children may have to

keep track of having a seating arrangement, or more homework parents can help them stay organized by getting them the proper materials needed. Being prepared for the first day of school is a big task; make sure all school supplies are ready to go in your child's backpack, help them pick out a nice outfit for the following day, and even add a few dollars in a special pocket in the backpack in case of emergencies. For children

riding the bus, maybe pack something that will help pass the time, i.e., a book or a small toy—being prepared the evening before the first day makes for less panic and chaos in the morning. Some final tips to help prepare for the first day back to school are; children get a good night's sleep and eat a nutritious breakfast. Remind your child to be kind, try their best, use a good work ethic, and ask for help if you are confused.

community and is excited to see this ongoing project come to fruition with CAO Ken Van Buul stating:

Developing in a municipality can be complex and is not always going to be completed as originally planned.

As a Municipality we have to be flexible and work with our development community to assist in making developments mutually beneficial. This development agreement is the culmination of that give and take by both the developer and the municipality."

Annie Melnychuk

September 28, 1927 - August 22, 2022

With heavy hearts we announce the passing of Annie Melnychuk on August 22, 2022 at the age of 94 years. Annie was born in Holden, AB to George & Pauline Christian. She married and moved to Redwater, AB and later returned to Holden to work at the Holden Lodge. Annie volunteered for several organizations: Royal Purple, Seniors Hall, recycling, St Mary's Ukrainian Church, and catering for the Holden Hall, Holden Museum, and Holden Community assisting where she was needed.

crocheting, exercising was a must, and long walks with Lucky, our family dog. She enjoyed going for coffee with neighbours and friends at local restaurants, playing shuffleboard, crossword puzzles and reading, and loved good conversation with anyone. Annie touched many hearts in different ways.

Annie was the type of person that put others ahead of herself. She was hardworking in what needed to be done. She loved being on the country farms, gardening, canning, cooking and delivering meals and of course her famous baking. She enjoyed the milking of cows and selling fresh farm cream and eggs. Annie enjoyed being involved with everything around her. She loved helping raise her beautiful grandchildren. Sunday dinners with creamed chicken and the fresh cabbage rolls that all her company would enjoy. Annie loved to tell little jokes and giggle,

Annie is survived by her sister Margret Mella of Stony Plain; her children David (Bev) Melnychuk of Redwater, AB, Gary Melnychuk of Whitecourt, AB, and Diane (Bill) Rose of Ponoka, AB; also Baba's grandchildren, Chloe, Brandie, Shane, Tammy, Stefanie (Tyler), Landen (Allison) & Kimberlynn (Adam); and 5 great grandchildren. She was predeceased by her parents George & Pauline Christian; brothers, Paul, John, Bill, Metro, Steve, Harry & one sister Mary.

A time for public visitation was held on Monday, August 29, 2022, at 6:00 - 7:00 p.m., at Weber's Mount Pleasant Chapel in Camrose, AB. Funeral Services was held at 10:00 a.m., Tuesday, August 30, 2022 at St. Mary's Ukrainian Catholic Church (South Holden). Interment followed at the church cemetery.

In lieu of flowers memorial donations may be made to St. Mary's Ukrainian Catholic Church (South Holden), the Ponoka Hospital and Care Centre - Long Term Care, or to the Alberta Diabetes Association.
