

Mindfulness journaling: a tool for mental health

By Brandie Majeau

Sturgeon Adult Learning recently visited Redwater Public Library to distribute mindfulness journals supporting Mental Health Awareness Week. Mindfulness journals are highly regarded by many as an essential tool for those committed to enhancing their overall mental well-being. Consistently journaling one's experiences and articulating thoughts, emotions, and significant events can profoundly impact mental health and self-discovery. Mindfulness activities, such as journaling, assist individuals in becoming more attuned to themselves and their surroundings. Devoting a tiny portion of each day to the practice of expressing one's thoughts can cultivate

a valuable and beneficial habit.

The heart of the issue lies in creatively conveying one's thoughts in writing and unburdening oneself of unwanted emotions, enabling a greater focus on life's details. A mindfulness journal is much more than just a pad and pen; the act of mindfulness journaling can be as therapeutic as meditation.

What one chooses to write is as distinct as the individual themselves. There is no set formula for using a mindfulness journal—it is entirely a personal experience. Whether recounting the day's events, delving into life's challenges, exploring ideas, or simply expressing emotions or thoughts, a mindfulness journal provides a safe space for release and expression. From

detailing a conflict to capturing a standout experience from the day, the possibilities are as endless as the thoughts that flow through the mind.

Starting a mindfulness journal with positive affirmations and inspiring quotes can set the tone for their practice. These messages can act as source of inspiration and help to counteract negative thinking patterns. They can uplift and motivate individuals, especially during times of struggle. Mindfulness journaling can also involve cultivating positive habits, setting personal goals and challenges, and engaging in the creative process to process and release emotional pain. Beginners can also incorporate meal plans, music,

Vilna Pool Hall holds cancer benefit BBQ

By Brandie Majeau

On May 18, 2024, the Friends of the Vilna Pool Hall and Barber Shop organized a heartwarming cancer benefit BBQ to support Jordan Dagley, a beloved member of the community. The simple BBQ served as a powerful testament to the community's unwavering values and dedication to rallying around those in need. Jordan, a

cherished local resident, is not only a son, husband, and father but also an inspiring young man who sincerely appreciated the overwhelming support from everyone who attended this remarkable event. Carol Trider, the Vice President of the Pool Hall and a founding member, played a pivotal role alongside her partner Steve, engaging with and extending

warm hospitality to all the guests throughout the event. Hundreds of people eagerly gathered outside; they didn't let the grey skies, cool Saturday temperatures, and occasional drizzle dampen their spirits as they waited to savor delicious prime rib cheeseburgers in support of a good cause. Meanwhile,

North Corridor Co-op AGM discusses success of 2023

By Brandie Majeau

On May 15, 2024, North Corridor Co-op convened its Annual General Meeting to review its financial performance. The meeting revealed significant achievements, with total sales increasing by 4% to reach \$78,974,957. Additionally, petroleum liters saw a substantial upsurge of 6.3%, totaling 40,434,564 liters. Notably, the cooperative's net savings also experienced a remarkable 16% increase, amounting to \$3,645,049. These results demonstrate the cooperative's strong performance and financial stability.

In 2023, the North Corridor underwent significant changes in its management across multiple areas. Both the general manager and the petroleum manager transitioned to other positions within the Co-op, leaving key roles to be filled.

Despite these changes, the team upheld operational efficiency throughout the year. This was especially remarkable, considering it was a record year. North Corridor Co-op expresses its gratitude to the Senior Leaders for their exceptional dedication and hard work in ensuring that the members needs were met. Despite the challenging and turbulent circumstances, the team demonstrated unwavering commitment and resilience.

Currently, North Corridor has around 100 team members working and supporting the communities they serve. Substantial investments have been made back into the facilities, including the Boyle Home Centre roof, sewer repair at Boyle Home Centre, a new fuel truck, LED lighting in food store cases, and a new chem shed in Thorhild.

Plans are underway

to replace the lines at the gas bar, which will open in the upcoming week. There will also be the addition of a 24-hour pay-at-the-pump capability to the gas pumps. Electronic shelf labels will be installed in both food stores in the fall.

Additionally, a new F-550 Agro delivery unit and a rotisserie chicken cooker at the Boyle Food Store are part of the fixed asset purchases for the coming year. North Corridor will also begin a detailed look at 5-10-year capital and repairs and maintenance planning. Projects that will be researched include a major renovation of the Boyle Home Centre, diesel exhaust fluid tanks at Cardlocks, credit card capability at Cardlocks, another new fuel truck, dedicated agro office space, and more. All these projects will need ample research and return on investments completed to

see if they are feasible and will add value to our members. If they do not add value to the membership and profit of the Co-op, then there must be a willing decision not to proceed. If they do, the proposed projects will go ahead.

Reinvesting in assets is crucial for North Corridor to maintain and grow as a business.

These projects will reduce costly repairs and maintenance, enhance image and experience, improve efficiency at our retail, and, of course, increase the profitability of the Co-op. North Corridor Co-op strives to continually provide and enhance its guest experiences and services for its members and non-member customers alike.

STURGEON VALLEY
Information & Engagement Session
on the plans for new neighbourhoods in the Valley

MORE INFORMATION
SturgeonCounty.ca/SturgeonValley

Sturgeon County invites you to share input on the future of Sturgeon Valley and surrounding areas! This includes input on community needs, amenities, natural areas and potential new neighbourhoods.

THURSDAY, MAY 30

6 to 9 p.m.

Edmonton Garrison — Sgt's & WO's Mess Building 210, Ortona Road

You may be asked by the Edmonton Garrison to show your identification to access the military base.

The Sturgeon Valley area has been planned and growing for decades. There is a high demand for new housing options and amenities in this area. In 2021, the County updated its local area structure plans to reflect provincial and regional planning requirements, which apply to future development. These plans keep neighbourhoods in the existing community largely unchanged, but allow for denser neighbourhoods closer to St. Albert and Edmonton.

We're building on previous public engagement and invite you to join us for information, updates, and to discuss future options for this vibrant and beautiful community. County representatives can answer your questions, and you can provide input to inform the County's next steps. Council remains committed to listening to residents before considering private applications for new neighbourhoods around the community.

Sign up to attend at SturgeonCounty.ca/SturgeonValley or by calling 780-939-8275. Venue capacity is limited, and attendees must pre-register. Priority will be given to Valley residents.

inside the Hall, the atmosphere was vibrant and lively. Jordan and his family warmly welcomed generous donors and enjoyed a few rounds of pool on the historic 100-year-old pool and snooker tables. The incredibly talented Steve Hillis from Ashmont, Alberta, wowed the large crowd with his impressive technical skills, captivating stage presence, and boundless creativity. Volunteers at the event were incredibly dedicated and hardworking. Linda Fenerty, Deputy Reeve of Smoky Lake County and Pool Hall Treasurer ensured the BBQ inventory and supplies were continuously replenished to meet the high demand. Dan MacMullin, the Pool Hall President, and Kyle Coleman, the Pool Hall BBQ Master, tirelessly cooked burgers on two grills for a total of 5 hours. Len Fedun diligently ran the food from the BBQs to the condiment tables, ensuring everything ran smoothly. Janet Abramic skillfully sliced and fried fresh onions without shedding a tear. Donna Orleski efficiently managed the cash register and handled donations. Grant Hanson and Ron Farmer oversaw the pool activities, and Hank Keller and his wife Linda, who served as the pool hall secretary, joyfully served old-fashioned ice cream floats to kids of all ages. Jordan and his family were elated and deeply thankful upon receiving the proceeds from the event and were touched by the overwhelming love and support shown by the community. The day was an absolute delight, and they were astounded by the number of people who attended

and supported the benefit BBQ and the dedicated volunteers who made it all possible. The family extends their sincere appreciation to everyone for their kindness, prayers, and generous contributions. The Friends of the Vilna Pool Hall and Barbershop extend their deepest gratitude to the donors, volunteers, pool hall members, Vilna General Store, and the many organizations that advertised the event. Each one of them played a crucial role in making this day possible, and they are truly grateful for all the support.

journal provide ample room for detailed processing, self-care activities, or creative expression during moments of quiet contemplation.

Anyone who missed the opportunity to pick up a mindfulness journal at Redwater

PUBLIC HEARINGS – Bylaw 1648/23: Redistricting Amendment to Land Use Bylaw 1385/17 and Non-Statutory Public Hearing for the Estates of Tuscany Outline Plan

Public Hearing - Bylaw 1648/23 Redistricting Amendment to Land Use Bylaw 1385/17

Sturgeon County Council requests public input on proposed Bylaw 1648/23. The property owner wants to develop a multi-lot subdivision on their lands at NE-13-54-25-W4M in Sturgeon Valley. This land is currently districted as AG - Agriculture District, which does not allow this type of subdivision and development.

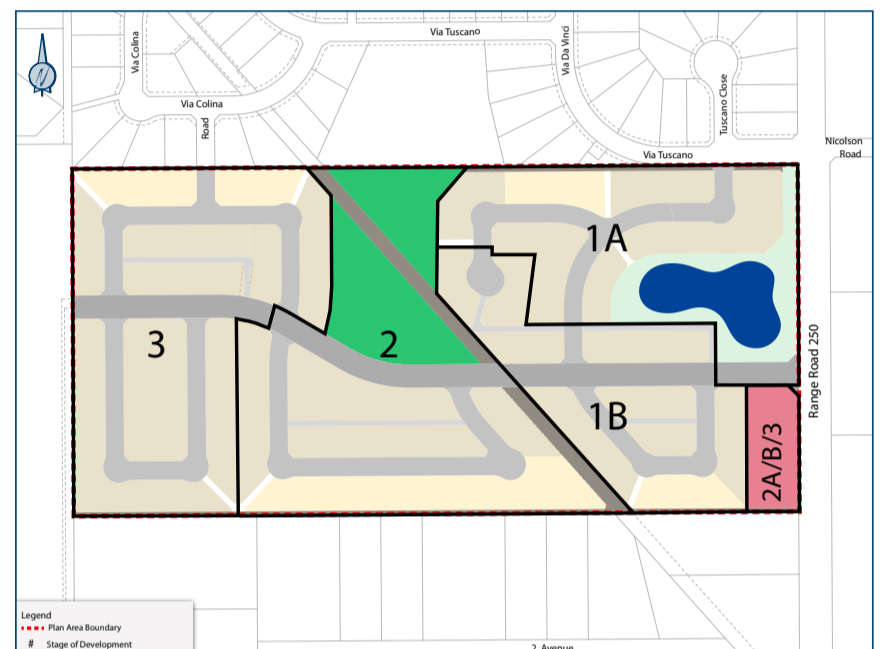

The land must be redistricted before a subdivision application can be submitted. The proposed bylaw would redistrict a portion of NE-13-54-25-W4M from AG - Agriculture District to R7 - Transitional Valley Residential District and PU - Public Utility District.

Each time land is redistricted, a bylaw is needed to amend the Land Use Bylaw, and a public hearing must be held.

Non-Statutory Public Hearing - Estates of Tuscany Outline Plan

Sturgeon County Council also requests public input through a non-statutory public hearing for the proposed Estates of Tuscany Outline Plan. This document would guide the future phases of planning and development of the same lands the property owner is seeking to redistrict (NE-13-54-25-W4M).

Note: collector roadway dedication is conceptual and subject to change at the detailed design stage once Range Road 250 has an approved concept plan.

View the proposed bylaw and related documents at [SturgeonCounty.ca/hearing-1648](https://sturgeoncounty.ca/hearing-1648)

The public hearings will be held on:

- **Tuesday, June 11 at 1 p.m.** (or as soon as practical thereafter) - **Estates of Tuscany Outline Plan**
- **Tuesday, June 11 at 2 p.m.** (or as soon as practical thereafter) - **Bylaw 1648/23**

The public hearings will be held in person at Sturgeon County Council Chambers (9613 100 St. in Morinville).

Smoky Lake embraces mental health awareness

By Brandie Majeau

On May 11, 2024, Smoky Lake Family and Community Support Services and Family Resource Network organized a special event to observe Mental Health Awareness Week. The focus of the event was to promote positive awareness of mental health, with an emphasis on the theme of “creativity”. Attendees were encouraged to express themselves creatively as a means of promoting mental well-being. The event also provided a platform for participants to share their thoughts and suggestions for future events, as well as exchange valuable self-care tips.

made its debut in the Town of Smoky Lake. Originally located at the CN station, the rock snake, now affectionately named ROCKY through a community vote, was relocated to Devonian Park (right beside the post office) placing it at the heart of downtown. During the Mental Health Awareness event, active participation was the name of the game, inviting community members to contribute by painting their own rocks and adding them to ROCKY. With rocks and paints provided, everyone was encouraged to join in and help ROCKY grow as a symbol of community unity and creativity.

The purpose was for people to write positive messages and participate in the #chalkthewalk campaign to raise awareness about mental health. This initiative involves creating uplifting messages on sidewalks in various communities, aiming to encourage open discussions about mental health and to remind individuals that they are part of a supportive community, they are never alone.

lettuce, basil, mint, parsley, and dill. This initiative aims to provide a therapeutic and calming space for all community members to enjoy throughout the summer.

Smoky Lake Family and Community Support Services along with Family Resource Network created an amazing event for the town, spreading awareness and support for mental health in an outstanding event for Mental Health Awareness week. Each project and activity, and every conversation was a positive step to address the stigma surrounding mental health and focus on prioritizing and supporting mental wellness and the people around you.

During the event, there was sidewalk chalk provided for all attendees
